

Earth Science Remote Instruction Rules and Procedures

General expectations for students

- Be logged in on time to all your classes.
- Be present for every class for the entire instructional block.
- Be seen at all times on camera.
- Be seated at a desk or table during class.
- Be in dress code.
- Turn in assignments on time according to teacher instructions.
- Appropriate behavior is expected (cell phone usage for class only, only the pages needed for class should be open in your browser).

Specific procedures for Earth Science

We will use the chat feature sparingly during class. I will let you know when it is appropriate to use. That will be the time for you to ask questions. Remember that I can see everything you post and do, so be mindful of your online presence.

I will remove anyone from class for disruptive or distracting behavior. This includes attempting to remove participants from the online meeting. You will have **one** opportunity to rejoin, but any further disruption, I will lower your grade and you will be **permanently** removed from remote instruction. All your work must then be submitted through Google Classroom only, without the benefit of interacting with your classmates or teacher.

EVERYONE'S grade in that class will be negatively impacted. It's very important--now more than ever--to think of others.
